My dear Lady Shepherd,

I only write to express our sincere sympathy with you on the death of your husband. I was out of the country when the news of his death ~~was~~ <sup>was</sup> published here, so my letter is written a little late but you can be assured that we feel deeply with you. have more, respected or held in  
higher esteem.

~~Sincerely yours~~ Both of you

Dear Mr and Mrs Benediktsson:

We have just returned  
from our marvellous holiday,  
and are slowly getting back  
to normal.

Both my husband and I  
would like to thank you  
so very much for your kind  
hospitality. We enjoyed our  
cocktail hour with you  
immensely, and thought  
it particularly kind of you

to find time for us in your  
busy schedule.

We loved Iceland and all its  
wonderful people and hope it won't  
be too long before we can return.  
In the meantime we have a storehouse  
of happy memories ... and dozens of  
pictures.

My mother and father particularly  
have asked me to extend their thanks  
and best wishes as well.

Yours sincerely

Dear Bjarni

Pat and I want to thank you and Sigridur for your kindness to us during our visit to Iceland. Our stay at Þingvellir was most enjoyable and gave us both a much needed rest.

Since we have left Iceland, we have visited Copenhagen, Paris, Köln, Bonn, Mainz and now München. We visited friends in Bonn and took the Rheintrip to Mainz. The weather was beautiful in Copenhagen & has since become progressively worse.

We have received only one letter from home & my parents appear to be well. They were able to write us while they were on their vacation in Maine. The mail strike at home seems

to have finished however so we will be  
at least able to write home.

Again, Pat & I wish to thank you both  
for your kindness & send our best  
regards

Sincerely

Jon and Pat

Dear Mr. Benediktsson,

Mr. Ragnar Johnson called in to see me today and he very kindly gave me the "Coins of Iceland" set which you spoke to me about when you visited Toronto recently. I am delighted to receive the set and the explanatory booklet is very interesting and helpful. Mr. Johnson explained the coins to me also, for which I was most grateful. Many thanks for your thoughtfulness.

I hope to visit your Country in the next few years and must say that the magazine "Icelandic Review", which I receive regularly, intrigues me. If I should ever be in Iceland I would be delighted to renew my acquaintance with you.

Again, many thanks.

### BIOGRAPHICAL DATA ON THE OCCASION OF THE 80TH BIRTHDAY OF A GREAT IDEALIST

Birger Nerman was born in Norrköping in Sweden on Oct. 6, 1888 and was awarded the degree of Doctor of Philosophy in 1913. He was a Professor at Uppsala University 1917-1920 and was in 1923 appointed Professor of Archaeology at Tartu University in Estonia. He held this post until 1925. This period led to Professor Nerman's deep interest in and warm sympathy for the Baltic peoples and for cultural and scientific co-operation between the Baltic States and Scandinavia.

In 1938-1954 Professor Nerman was director of the National Historical Museum in Stockholm. An internationally prominent archaeologist, he has led archaeological excavations all over Sweden, more particularly in Gothland, as well as in the three Baltic States and in Germany. He has published more than 300 learned works including over 25 treatises. His most recent major work was published in 1958: *Grobin-Seeburg, Ausgrabungen und Funde*. His new monumental archaeological treatise on Gothland, to the compilation of which he has devoted the past 10 years, is now in print. He has also been for more than a score of years chairman of the Swedish Antiquarian Society and is member of a number of international learned societies.

Apart from his learned activities Professor Nerman has for the past 30 years been one of the most active and energetic champions in Scandinavia and in the whole world for the freedom of the enslaved nations, and more particularly of the Baltic peoples. He has published many books, booklets and articles on this subject. He has been the chairman of the Baltic Committee for the past 25 years and is honorary member of the Baltic Humanitarian Association and of a number of other Baltic organisations. Since 1959 he has also been the chairman of the so-called June Committee which has carried out a number of large-scale anti-Soviet campaigns. He is a founder member and the first chairman of the *Mare Balticum* Society. Until last year he was also chairman of the "New Tuesday Club", a political discussion club. He is moreover chairman of the Swedish Chapter of the World Anti-Communist League, and of the Scandinavian Section of the International Committee for the Defence of Christian Culture. He is in contact with great many anti-Communist organisations all over the world and has attended their conferences and meetings in Europe, the USA, Canada and Asia.

PROFESSOR BIRGER NERMAN 80 ÅR

Den 6 oktober 1968 blir prof. Birger Nerman 80 år. I mera än 25 år har han med outtröttlig energi, djup moralisk övertygelse och oförfärad stridsglädje ägnat sina krafter åt de förtryckta europeiska folkens frihetsidé. Prof. B. Nerman har varit frihetens och rättens okuvlige förespråkare och en outtröttlig förkämpe för de baltiska och andra ockuperade nationernas politiska aktioner i hela Skandinavien. Han har organiserat hjälp åt flyktingar i Sverige och andra länder, men även åt deras landsmän bakom järnridån. Lika fruktbar har hans hjälp åt flyktingarnas kulturella liv och åt de landsflyktiga vetenskapsmännen varit. En rad baltiska organisationer har hedrat hans förtjänster genom att välja honom till hedersmedlem.

x

Birger Nerman föddes i Norrköping den 6.10.1888. Fil.kand. i Uppsala 1910, fil. lic. 1912, fil.dr 1913. Tf. professor i Uppsala 1917 och 1920. 1923 kallades han till professor i arkeologi vid Tartu universitet, där han stannade till 1925. Dessa år räknar B. Nerman själv till de intressantaste och mest givande i sitt liv. Att få medverka vid uppbyggnaden av den unga estniska republiken och omgestaltningen av det gamla, av Gustav II Adolf grundade universitet i Tartu till ett kultur- och vetenskapscentrum för det estniska folket var en stor upplevelse. Från denna tid härstammar prof. Nermans djupa intresse och varma sympati för de baltiska folken och för det kulturella och vetenskapliga samarbetet mellan Baltikum och Skandinavien.

Sedan 1913 verksam vid Statens Historiska Museum och med vetenskapliga uppdrag av Kungl. Vitterhets Historie och Antikvitets Akademien var prof. Nerman åren 1938-1954 direktör för detta museum. Genom sina forskningar intar han en framstående plats inom den internationella arkeologien. Han har lett arkeologiska utgrävningar i olika delar i Sverige, med särskild tonvikt på Gotland, men även i de tre baltiska länderna och Tyskland. Han har företagit mera än 50 forskningsresor i utlandet. Prof. Nermans vetenskapliga verksamhet har burit rika frukter och de av honom publicerade vetenskapliga skrifternas antal överstiger 350, därav över 20 avhandlingar. Av hans vetenskapliga skrifter kan omnämnas: Studier över Sveriges hedna litteratur - 1913, Vilka konungar ligga i Uppsala högar? - 1913, Ynglingasagan i arkeologisk belysning - 1917, Det forntida Stockholm - 1922, Die ältere Eisenzeit Gotlands (tills. med O. Almgren) - 1923, Die Herkunft und die frühesten Auswanderungen der Germanen - 1924, Det Svenska rikets uppkomst - 1925, Die Verbindungen zwischen Skandinavien und d. Ostbaltikum in d. jüngerer Eisenzeit - 1929, The Poetic Edda in the Light of Archaeology - 1931, Swed. Viking Colonies on the Baltic - 1934, Die Völkerwanderungszeit Gotlands - 1935, Svenskarna i Ostbaltiska länder o. Ryssland i forntiden - 1936, Metallåldrarna o. Folkvandringstiden i Folkens historia genom tiderna - 1938, Sveriges första storhetstid - 1942, Gamla Upsala - 1943, När Sverige kristnades - 1945, Sveriges konungar och drottningar genom tiderna (forntiden) - 1952, Grobin-Seeburg, Ausgrabungen und Funde - 1958. Tryckfärdig ligger nu planschdelen av hans nya arkeologiska avhandling om Gotland, Die Vendelzeit Gotlands, ett monumentalverk med ca 2500 bilder. Även inom åtskilliga vetenskapliga föreningar har Birger Nerman varit verksam. Svenska Fornminnesföreningen har han under 40 år ägnat sina krafter som nitisk sekreterare och entusiasmerande ordförande.

x

Vid sidan av sin vetenskapliga verksamhet har prof. Birger Nerman i flera årtionden varit en av de aktivaste och eldigaste förkämparna för de ockuperade och alldeles särskilt de baltiska folkens frihetsrörelse i Sverige. Inom denna sektor har han producerat ett stort antal böcker, broschyrer och artiklar, bl. a. "Balticum skall leva" 1956. Prof. B. Nerman deltog 1928-1939 aktivt i svensk-estniska, svensk-lettiska och svensk-litauiska föreningarnas verksamhet och i andra organisationer för kulturellt baltiskt samarbete. Han har även varit aktivt verksam inom Riksföreningen för svenskhetens bevarande i utlandet. Prof. Nerman har deltagit i verksamheten inom Baltiska Humanistiska Förbundets flyktingshjälp och på många sätt bistått Estniska Nationalrådet samt baltiska vetenskapliga och kulturella föreningar och institutioner i Sverige. Sedan stiftandet 1943 har han varit ordförande i Baltiska Kommittén. Sedan 1959 har professor Birger Nerman också varit ordförande för Junikommittén, vilken utfört ett antal antisovjetiska aktioner i stor skala. Han var en av initiativtagarna till Sällskapet Mare Balticum och dess förste ordförande. Fram till förra året var han även ordförande i Nya Tisdagsklubben. Professor Nerman har deltagit i ett stort antal konferenser och kongresser i Europa, USA, Kanada och Asien.

x

I gemensam regi av baltiska och andra organisationer kommer prof. Birger Nerman att hedras med en högtidlig sammankomst tisdagen den 8. okt. kl. 19.00 i Margareta stora festvåning Ad. Fredriks Kyrkogata 10, Stockholm. Där kommer att överlämnas en gratulationsadress och som gemensam gåva en jubileumsfond kallad "Birger Nermans Frihetsfond".

### AKTION MOT SOVJET FÖR ETT FRITT TJECKOSLOVAKIEN

Junikommittén, tillsammans med en rad organisationer, har bildat "Junikommitténs aktion för ett fritt Tjeckoslovakien".

Författare Vilhelm Moberg, professor Birger Nerman och chefredaktör Torsten Tegnér har ställt sig i spetsen för aktionen.

Övriga i gruppen är ledaren i Sverige för unga ungrare i exil Teodor L. Berkovits, ordförande i Socialistiska Unionen i Öst- och Central-Europa dr Bruno Kalnins, förbundssekreteraren i Baltiska Kommittén civilekonom Arvo Horm, fria bulgarernas ledare dr Stamen Stamenov, Nya Tisdagsklubbens ordförande fru Anne Marie Bratt, redaktör Bertil O. Wedin, Kommittén för ett Fritt Asien samt reklamkonsulent Anders Larsson, initiativtagare till Demokratisk Allians.

Tjecker och slovakier, som nu vistas i Sverige, är också verksamma i aktionen.

De senaste händelserna i Tjeckoslovakien var inte oväntade för dem, som bildat aktionen. De har aldrig trott på Sovjets löften; dess väsen har alltid varit löftesbrott, svek och våld.

Det visar sig nu, hur berättigade de aktioner under Kosygins besök var, som utfördes av Junikommittén, Baltiska Kommittén, Demokratisk Allians och andra organisationer.

Det är svårt att förstå, att vår regering och en del av den svenska opinionen varit so naiv, att man trott på Sovjets tal om sin fredsvilja. Detta trots Sovjets ockupation av de baltiska staterna, Pragkuppen 1948, våldförandet av Ungern 1956 o.s.v.

Den nybildade gruppen går emot den sovjetryska imperialismen och vill stödja Tjeckoslovariens tappra folk i dess kamp för oberoende samt upplysa om situationen i de områden Sovjetunionen lagt under sig.

Inom kort ordnar gruppen ett opinionsmöte i Stockholm. Flygblad med aktionens appeller kommer att delas ut. Kontakt tas med liknande sammanslutningar, som nu har bildats över hela världen.

Vi behöver all hjälp för att snabbt och med kraft genomföra våra aktioner för att i vår mån bistå Tjeckoslovariens folk som hjältemodigt kämpar för sin frihet.

För aktionen behöver vi omedelbart ekonomiska medel. Hjälp oss med ett bidrag: Postgiro 15 29 39.

Vi tackar Er

For Czechoslovakia's Struggle for Freedom

Soviet imperialism has once again revealed its true nature. The Russians have occupied Czechoslovakia by force of arms in order to suppress the beginnings of a freer regime which the Czechoslovak people tried to introduce. Large-scale arrests and persecution are being carried out and censorship has been reimposed. The free world, and to a certain extent also informed opinion in the USSR and its satellites, reacted with abhorrence and loathing.

The events in Czechoslovakia show how justified were the actions carried out by the June Committee, the Democratic Alliance and other organisations, in protest against Mr Kosygin's official visit to Sweden last July. It is difficult to understand that part of Swedish opinion believed in Soviet pledges of peaceful policies, although the Soviet Union - in alliance with Hitler - raped free Poland in 1939, attacked Finland in the same year, occupied the Baltic States in 1940/1944, engineered a coup d'état in Prague in 1948, suppressed the Hungarian insurrection in 1956 by force of arms, etc.

But even if the Czechoslovak leaders are forced to submit, the Czechoslovak people remain unconquered. Their love of freedom cannot be eradicated. The Czechoslovak people has appealed to the world for help in their struggle for freedom.

The June Committee in Sweden has, together with a number of other organisations, formed an Action Committee for a Free Czechoslovakia.

We need all aid to carry out rapidly and powerfully our actions in support of the Czechoslovak people. Our programme includes meetings, publication of booklets, appeals and leaflets as well as exhibitions of authentic photos. We shall also establish contacts with similar organisations elsewhere in the free world and with members of the Czechoslovak liberation movement.

But we need economic support to carry out our programme. Help us with your contribution.

Committee for a Free Czechoslovakia:

Teodor L. Berkovits, Representative of the Free Hungarians in Sweden, Mrs Anne Marie Bratt, Chairman of the Nya Tisdagsklubben, Prof Björn Collinder, Bishop Sven Danell, M.D. Gunnar Edlund, Prof Birger Hagård, Vice-Chairman of the Baltic Committee, Mr Arvo Horm, Secretary General of the Baltic Committee and the World Anti-Communist League Swedish Chapter, Prof. J. Hoffmann, Dr.Phil. and Author Eyvind Johnson, Dr.Phil. Bruno Kalnins, Chairman of the Socialist Union of East and Central Europe, Mr Anders Larsson, Executive Secretary of the Democratic Alliance, Mrs. Ingrid Martens, Author Vilhelm Moberg, Prof Birger Nerman, Chairman of the June Committee and the Baltic Committee in Scandinavia, Author Ture Nerman, Mr Nils J. Nilsson, M.P., Prof Hugo Osvald, Mr Torsten Tegnér, Chief Editor, Mr Bertil O. Wedin, Free Asia Committee, M.D. Jelena Zetterström-Rennerová.

Kæri Dr. Bragi,

Eg þakka yður fyrir bréf yðar, dags. 24. september s.l., varðandi hugsanlega ráðningu yðar hjá UNESCO vegna, rannsóknarstarfa er varðar skólamál og önnur þjóðfélags viðfangsefni.

Mér barst fyrir helgina í hendur samrit af bréfi stofnunarinnar, dags. 1. þ.m., til íslenzku þjóðarnefndar UNESCO, en þar segir:

" I attach a copy of a letter I have sent to Professor Josephson in the U.S.A. He was kind enough to send me his doctoral dissertation which appears to be a very detailed and competent study of Icelandic education.

As the Secretariat is now beginning a series of educational abstracts, covering documents in the field of policy and research, it occurs to me that this thesis would be an appropriate item to include, the more so since the abstract is already to hand. May I take it that you have no objection to this proposal?"

Samkvæmt þessu sýnist mér að UNESCO hafi hug á að notfæra sér starfskrafta yðar, en ég hef að vísu ekki séð bréf það, sem þér hafið fengið beint frá stofnuninni.

Með bestu kveðjum,
