## Don't Wear a Truss.

**B**ROOKS' Appliance is a new scientific discovery with automatic air-cushions that draws the broken parts together, and binds them as you would a broken limb. It absolutely holds firmly and comfortably, and never slips. Always light and cool, and conforms to every movement of the body without chafing or hurting. We make it to your measure and send it to you on a strict guarantee of satisfaction or money refunded, and we have put our price so low that anybody, rich or poor, can buy it. Remember, we make it to your order—send it to you—you wear it—and if it does not satisfy you, you send it back to us, and we will refund your money. That is the way we do business—always absolutely on the square—and we have sold to thousands of people this way for the past ten years. Remember, we use no salves, no harness, no lies, no fakes. We just give you a straight business deal at a reasonable price.

# THE BURBERRY

defies a day's drenching rain and, however mild or cold the atmosphere, always maintains an even temperature.

No heat! No chilly feeling! Just delightfully comfortable, normal warmth. Unlike a mac, which its owner never wears if it can be avoided, THE BURBERRY is very pleasant to wear in ALL weathers—whenever and wherever an Overcoat or Weatherproof is needed.
