The rates of Estate Duty which were originally imposed by the Finance Act, 1894, were altered in 1907, 1909, 1914, 1919 and 1925 by the Finance Acts of those years.

All property passing by death has to be aggregated for the purpose of ascertaining the rate of duty, but this rule is subject to certain qualifications. The principal qualifying provision is as follows:—

Where settled property passes on the death of a person dying on or after 19th April, 1907, under a disposition made by a person dying before 2nd August, 1894, and such property would, if the donor had died on or after 2nd August, 1894, have been liable to Estate Duty upon his death, it is not to be aggregated with other property, but is to be treated as an "estate by itself."

In the case of deaths before May 12th, 1914, where property liable to Estate Duty is settled by the will of the deceased, or having been settled by some other disposition, passes under that disposition, on the death of the deceased, to some person not competent to dispose thereof, a further duty—called Settlement Estate Duty—is payable at the rate of £2 per cent. on the settled property, but from that payment the ad. val. Stamp Duty (if any) charged on the settlement may be deducted.

If, however, Estate Duty becomes payable a second time under the same settlement, the Settlement Estate Duty already paid is allowed for.

SMALL ESTATES.—(i) If the net value of the property, real and personal, passing on the deceased's death (exclusive of

#### INLAND REVENUE DUTIES—*contd.*

property settled otherwise than by the will of the deceased) does not exceed £1,000, such property is exempt from Legacy or Succession Duty under the will or intestacy of the deceased. (ii) And where the gross value of the unsettled property passing on the deceased's death does not exceed £300 or £500 respectively, and a grant of probate or administration is taken out in a certain special manner, a fixed Duty of 30/- or 50/- is payable, and such estate is exempt from all other Death Duties as passing on the deceased's death.

With respect to Personal Estate, interest at 4 per cent. per annum, without deduction for Income Tax, is also payable on the Estate Duty from the date of the death up to the date of the delivery of the affidavit.

The Estate Duty on real property may be paid, if desired, by eight yearly or sixteen half-yearly instalments, the first at the expiration of 12 months from the death, with interest at 4 per cent. per annum from the last-mentioned date of the duty for the time being unpaid.

In the case of deaths on or after the 30th June, 1925, the Estate Duty payable in respect of agricultural property is charged on the agricultural value of the property at the appropriate rate payable under the scale of rates in the Finance Act, 1919, and on the amount by which the principal value of the agricultural property exceeds the agricultural value thereof (called "the excess principal value") at the appropriate rate payable under the scale in the Finance Act, 1925.

#### LEGACY AND SUCCESSION DUTIES.—Also see "ESTATE DUTY"

Rates of Duty.—The Husband or Wife, Children or their Descendants, or the Father, Mother or other Lineal Ancestor of the Testator, &c., £1 per cent.; Brothers and Sisters or other Descendants, £5 per cent.; Persons in any other degree of collateral Consanguinity, or the Husband or Wife of a nearer Relationship, whose Husband or Wife is of nearer Relationship, chargeable with Duty at the rate at which the Husband or Wife would be chargeable. Relations of the Husband or Wife of the Testator, &c., are chargeable with Duty at £10 per cent. unless themselves related in blood to the Testator, &c. Appraisements or Valuations of any Property made for the purpose of ascertaining the Legacy Duty payable in respect thereof are exempt from Stamp duty.

If, however, Estate Duty is not payable, the rate of Succession Duty are £1, 6d and 12 1/2 % respectively. The rates of Legacy and Succession Duty were altered by the Finance (1909-1910) Act, 1910.

The Husband, Wife and Lineal Ancestors of the Descendants of the Testator, &c., are still exempt from Estates not exceeding £15,000 in value. In Estates exceeding that figure the Wife or minor Child of the Testator, &c., is exempt if an individual benefit does not exceed £2,000, and Children if the benefit does not exceed £1,000 derived from the same Testator, &c.
