PART. No. 13372/12 JANUARY FEBRUARY MARCH

POSTAL INFORMATION

STAMPS.

Postage Stamps of the following values are issued:—

1d.	2½d.	6d.	2s. 6d.
1d.	3d.	9d.	5s.
1½d.	4d.	10d.	10s.
2d.	5d.	1s.	

Books of Postage Stamps—Books are issued at 5s. containing thirty-four 1½d., and six each of 1d. and ½d. stamps, at 3s. containing eighteen 1½d., and six each of 1d. and ½d. stamps, and 2s. containing ten 1½d. and six each of 1d. and ½d. stamps.

In a rural district ½d., 1d. and 1½d. postage stamps and registered letter envelopes can be obtained from the postman.

LETTERS.

The prepaid rate of postage is as follows:—

Not exceeding 2 oz. in weight..... 1½d.
For every additional 2 oz. or fraction of 2 oz. 1d.

A letter if posted unpaid is charged on delivery with double postage; if posted underpaid, with double the amount short paid. No letter may exceed two feet in length, one foot in width, or one foot in depth, or if made up in the form of a roll, 30 inches in length and 4 inches in diameter. There is no limit of weight.

POST-CARDS.

The prepaid rate of postage on every post-card is one penny. A post-card posted unpaid is chargeable on delivery with double postage; if posted underpaid, with double the amount short paid. The prepaid rate of postage on every reply post-card is twopence.

The material for private cards to be used as post-cards must be ordinary cardboard not thinner than that used for the thinnest cards issued and sold by the Postmaster-General for use as post-cards. No card may exceed 5½ inches in length by 4½ inches in width, or be less than 4 inches in length by 2½ inches in width.

STAMPED ENVELOPES, CARDS, ETC.

Registered Letter Envelopes for Foreign as well as Inland Letters, bearing a ½d. stamp embossed on the flap for the payment of registration fee 3d. and postage 1½d., of four sizes, are sold.

Post-cards, Envelopes embossed with 1½d. and 1d. stamps, Letter-cards, and Newspaper Wrappers are also issued by the Postmaster-General for sale to the public.

PRINTED PAPERS.

The prepaid rate is:—

Not exceeding 2 oz. in weight..... 1d.
and then at the rate of a ½d. for every subsequent 2 oz. or fraction of 2 oz. up to 2 lb. The rate for 1 lb. will be 4d., and for 2 lb. 8d.

No Printed Paper may exceed 2 lb. in weight. The only limit of size applicable is that applicable to letters.

NEWSPAPERS.

The prepaid rate of postage on copies of publications registered for transmission at the Inland Newspaper Rate, including any Supplements thereto, is one penny for every copy not exceeding 6 oz. in weight, with a further charge of one halfpenny for every additional 6 oz. or fraction of 6 oz.

PARCELS.

Rates and Weight.

5 to 6 lb. ...	9d.		

Size.

The size allowed for an Inland Parcel is:—

Greatest length..... 3ft. 6ins.
Greatest length and girth combined 6ft. 0in.

RE-DIRECTION.

Any kind of postal packet may be re-directed to the same addressee at another address, either by any Officer of the Post Office, or by any agent of the addressee after delivery, under the following rules:—

Letters, Post-cards, Printed Papers and Newspapers are re-transmitted by post without additional charge.

Parcels are, when re-directed, liable to additional postage at the prepaid rate for each re-direction.

POSTE RESTANTE.

Postal packets of any kind to be called for are, as a rule, taken in at all Post Offices except Town Sub-Offices. The words "to be called for" or "Poste Restante" should appear in the address.

The Poste Restante is intended solely for the accommodation of strangers and travellers, and even they may not use the Poste Restante for more than three months.

REGISTRATION AND COMPENSATION.

Any letter, parcel, or other postal packet may be registered. The minimum fee for registration is 3d.

Instructions for Registering.

Anything intended for registration must be handed to an Officer of the Post Office, and a certificate of posting, bearing an acknowledgment that the fee for registration and compensation has been paid, must be obtained. Nothing intended for registration should be dropped into a letter box.

The fees payable over and above the postage, and the respective limits of compensation, are as follows:—

Fee.*	Limit of Compensation.	Fee.*	Limit of Compensation.
3d.	£5	1s. 1d.	£200

In the United States and Canada five different times have been arranged by the Railway Companies. *Atlantic Time* is that of the 60th meridian, *Eastern* that of the 75th, *Central* that of the 90th, *Mountain* that of the 105th and *Pacific* that of the 120th meridian west of Greenwich. But the boundaries actually in use do not follow the above meridians exactly. Europe has three time systems: the *Western*, taking its time from Greenwich, the *Central*, or *Mid-European*, varying by one hour, and the *Oriental*, or *East-European*, varying by two hours. Australasia has adopted a Standard Zone time, ranging from 8 hours fast in West Australia to 11½ hours fast in New Zealand.

*The above-mentioned rates of duty for conveyances from £5 to £500 apply only when the instrument contains a statement certifying that the transaction thereby effected does not form part of a larger transaction or of a series of transactions in respect of which the amount or value, or the aggregate amount or value of the consideration, exceeds £500.
 †In the absence of such a statement the duty chargeable is double that stated above.
 ‡Settlements (when marriage is not the consideration) which operate also as Conveyances or Transfers, are chargeable with duty as Conveyances or Transfers, and not as Settlements.

†The above-mentioned rates of duty for premiums on Leases, £5 to £500 (Column 7) apply only when the instrument contains a statement certifying that the transaction thereby effected does not form part of a larger transaction or of a series of transactions in respect of which the amount or value, or the aggregate amount or value of the consideration other than rent, exceeds £500.
 ‡In the absence of such a statement the duty chargeable is double that stated above. The double duty on the premium is also chargeable in all cases where the rent exceeds the sum of £20 a year. (Revenue Act, 1911, Section 15.)

With a Roneo Duplicator you can send timely, frequent and **personal** letters to thousands of otherwise inaccessible prospective customers—a face to face talk, as it were, for the price of a stamp. You can seize opportunities while they are hot, for at a moment's notice the Roneo Duplicator reproduces your sales messages at the rate of thousands of perfect copies per hour.

If your printing costs are too high, and there are delays and other irritations, instal a Roneotype Office Printing Machine. Make it do all your printing on the premises—at a moment's notice—at the rate of thousands per hour—at a saving of at least 40% of printers' prices.

Personal sales letters, last minute offers, urgent price lists, booklets, labels, letterheads, leaflets — are printed by the Roneotype at little more than the cost of ink and paper.

The Complete Machine
with Automatic Feed and Printer

The Basic Model

The Basic Model
with Automatic Feed added

The Basic Model
with Printer added

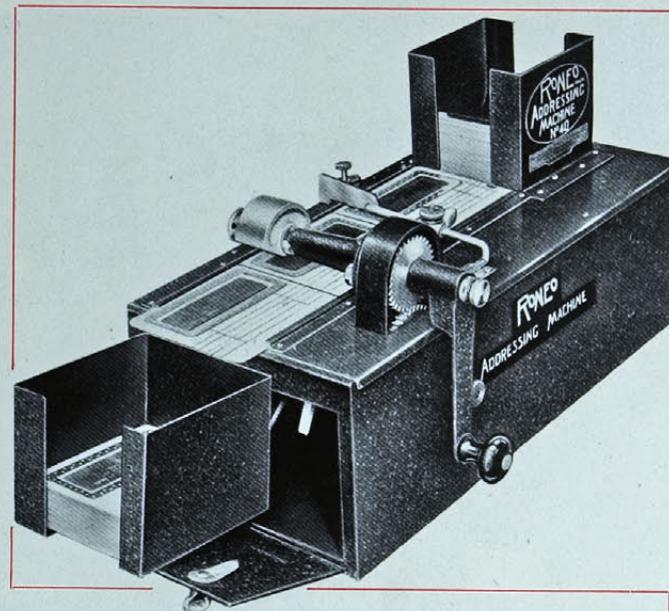

The No. 20 Roneotype which is entirely new in design, construction and performance, is specially planned to cater for those concerns whose requirements do not warrant the Electric Model No. 59.

Many of the essential refinements which have contributed to make the No. 59 the most efficient machine of its kind available, are built into the No. 20, resulting in a machine giving 100% efficiency in performance, and maximum simplicity in operation, at a low price.

As the illustrations show, the Automatic Feed which is of an entirely new design, and the Inking Attachment, with its two steel and one composition roller, are separate units which can be attached to the machine in a few seconds.

Thus the purchaser has the alternative of installing the complete equipment or commencing with the basic machine and adding the attachments as and when desired.

A Roneo Addressing Machine, operated by a junior, will address in a matter of hours work that formerly took as many days. From stencils cut on any typewriter it produces neat and accurate addresses on envelopes, statements, price lists, etc., at the rate of **800 per hour**.

The blank space on the stencil card can be utilised for records, such as purchases, classes of goods bought, credit limits, quotations, "follow-up" letters, and so on. This makes the Roneo Addressing System doubly valuable, in that it combines a card index system as well. Guide cards and a variety of colours for the stencil cards make any system of indexing or classification possible.

Steel Partitions and Doors

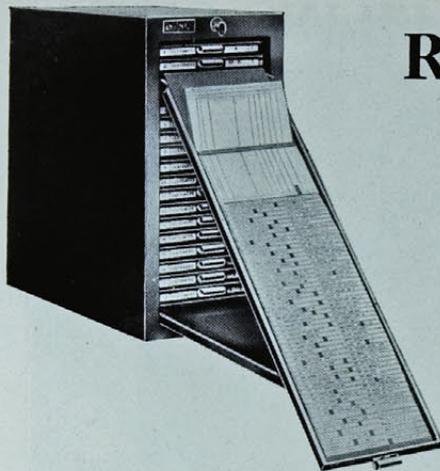

Cunard White Star Ltd.

Movable Unit Steel Partitions

Roneo Steel Partitions and Doors are built up from standard unit sections to suit any requirements of office planning. They are readily taken down and re-arranged, without damage, at any future time. This permits the grouping of the staff of each department regardless of its growth or diminution, and greatly increases the value of the floor space. Every room becomes a fire-resisting unit, and the stove enamelled finish may be in any colour to suit the general colour scheme.

An essential aid to Business Control

Necessary action can be taken immediately as the record is always up-to-date and the state of affairs is seen at a glance.

For every record:—

1. Customers Record

You can see at a glance ALL those who have not purchased from you recently.

2. Ledger

You can see at a glance those accounts which are not being paid promptly and are three, six, or more months in arrears. Invaluable for hire purchase accounts.

3. Stock Record

You can see at a glance those stocks which are too small, too big, slow moving, and so on.

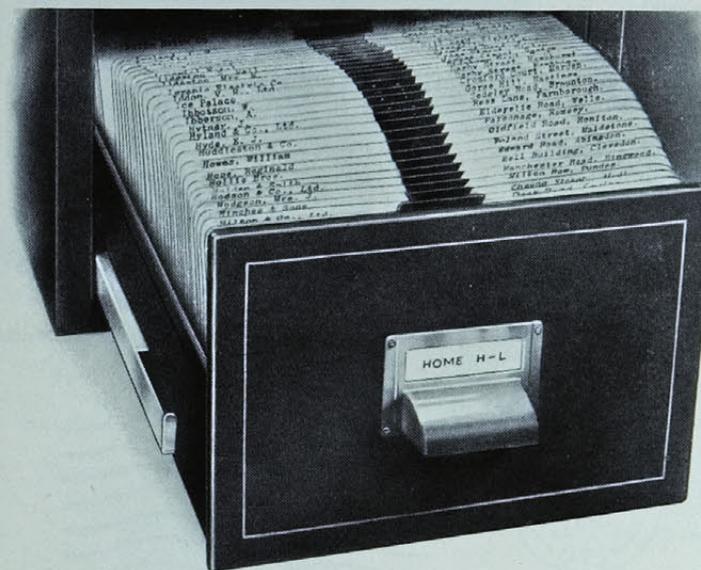

4. Works Record

You can see at a glance the stage of progress of each and every job. Facilitates following up orders which are behindhand or urgent.

RONEOTOL

a vision control vertical card-index

Roneotol is a new Roneo system which converts the ordinary "blind" card index into an up-to-date yet inexpensive visible card system with practical signalling possibilities.

As soon as the drawer is opened, the titles on the cards are seen at a glance, as the top edges are spread apart by the Roneotol springs which are the basis of the system. Speed of entry and reference is thereby doubled.

For use with Ledger Posting Equipment, Roneotol is expressly designed for convenience in handling account cards and for speed in locating and replacing them, enabling the maximum output to be obtained from Ledger Posting Machines.

THE NEOPOST Postal Franking Machine Electric and Hand Models

The "Neopost" is a compact and simple machine which franks and postmarks envelopes, wrappers, labels, etc. It is sanctioned by the Postmaster General and authorised for International use.

- SAVES** the time spent in purchasing, issuing and affixing stamps. "Neopost" franks letters in a fraction of the time, while a counter records the postage expended, which is paid for periodically by cheque for a round sum.
- SAVES** the value of stamps lost through pilfering or carelessness. "Neopost" impressions ARE NOT NEGOTIABLE.
- SAVES** the cost of printing of envelopes. By means of an interchangeable slogan device, various designs may be kept and fitted as required.

THE "FLEXA" FILING SYSTEM

NO System deals with filing problems so completely and yet with such simplicity as the "Flexa" System.

It is speedy—giving immediate access to any wanted paper.

It dispenses with the Card Index.

It cuts out 99 per cent. of possible errors, and enables you to round up the remainder in a few moments.

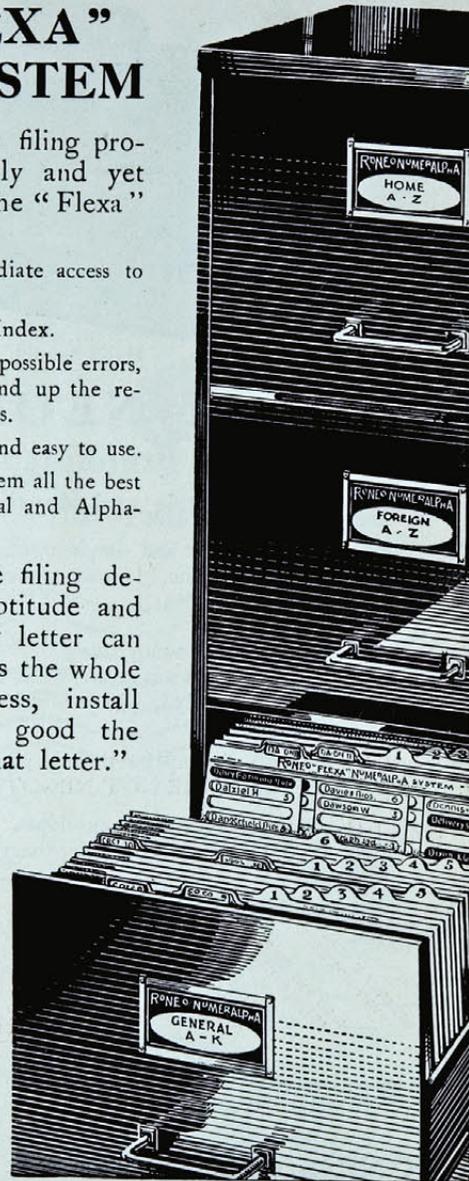

It is simple—easy to learn and easy to use.

It embraces in the one system all the best points of both Numerical and Alphabetical Systems.

As the efficiency of the filing department, and the promptitude and precision with which any letter can be produced, vitally affects the whole working of any business, install "Flexa" and banish for good the phrase "I cannot find that letter."

The
